

REEFTEACH REFERENCE BOOK

Did you know CORALS are living ANIMALS?

Corals are the SHELTER of the reef...

Standing on live coral destroys it!

Stand on
Sand
or Float!

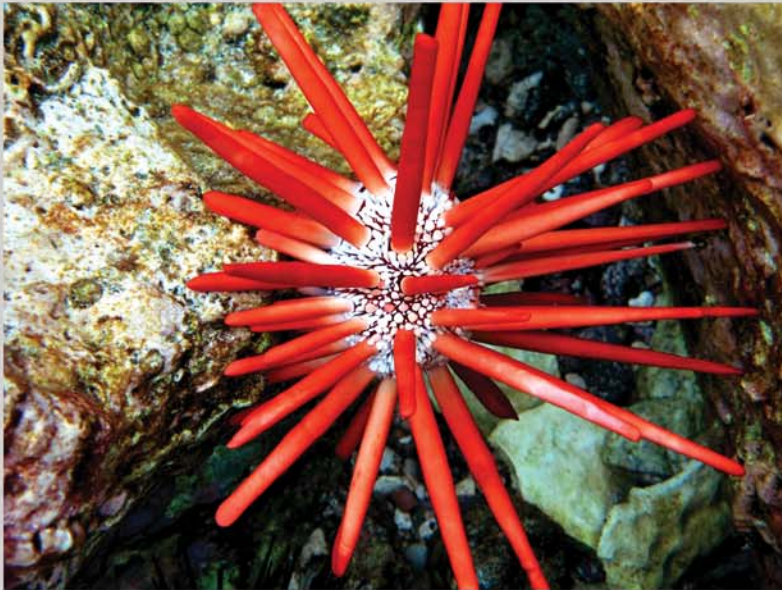

Fish feeding upsets the natural balance...

Turtles need space too!

Leave only Footsteps and take only Pictures!

Invasive Algae Species

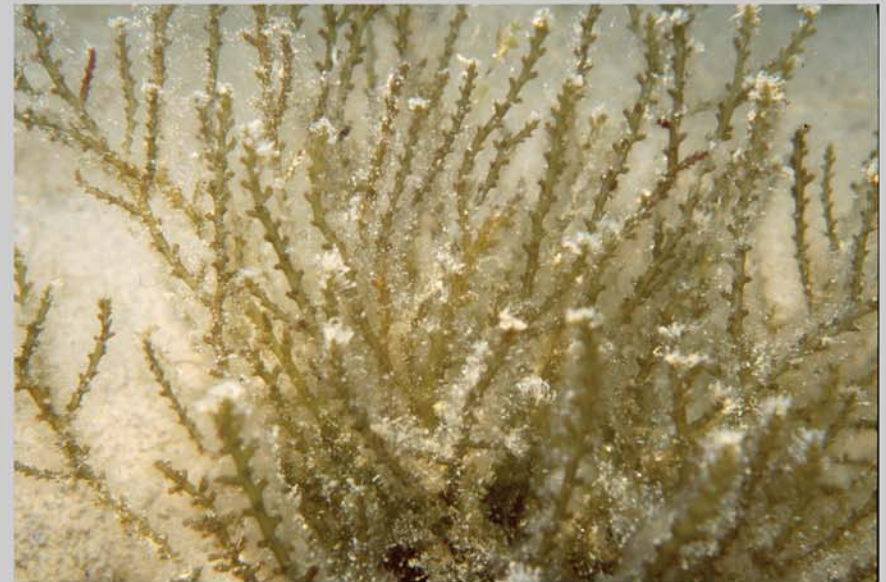

Hypnea Musciformis

Gracilaria Salicornia

Kappaphycus spp.

Acanthophora Spicifera
