

BUSINESS PLANNING – MODEL CANVAS

<p>What agricultural product(s) will you grow? What value-added or other product(s) will you make? What services will you offer?</p>	<p>Who will consume your product and why?</p>	<p>How much will it cost to make your product? What will your product price be?</p>
<p>What resources will you need to produce, distribute, and sell your product?</p>	<p>What information do you need in order to further develop this business idea? Where will you find that information?</p>	<p>What next steps can you take to continue planning this business idea?</p>

PROJECT PLANNING – MODEL CANVAS

<p>What activities or services will your project offer?</p>	<p>Who will benefit from your project and why?</p>	<p>How much will it cost to develop and implement your project?</p>
<p>What resources will you need to develop, implement, and sustain your project??</p>	<p>What information do you need in order to further develop this project idea? Where will you find that information?</p>	<p>What next steps can you take to continue planning this project idea?</p>
